Rhododendron catawbiense compacta at home in the Carolina Mountains. A magnificent sight when the plants are in full flower

Ornamental Plants FOR IMMEDIATE EFFECTS

*All Strong, Nursery-grown Plants unless otherwise stated
5 plants at the 10 rate; 25 plants at the 100 rate; 250 plants at the 1,000 rate*

For the Spring of 1938

CASH DISCOUNT 6 PER CENT

Including free packing, on orders received before April 1, 1938. Our long experience in the nursery business should commend your careful consideration before buying elsewhere. Satisfaction guaranteed. Visitors are always welcome, and are invited to inspect our stocks.

GARDENS OF THE BLUE RIDGE

E. C. ROBBINS, Nurseryman

ASHFORD, McDowell County, NORTH CAROLINA

Our Main Packing-House at Ashford

Western Union Telegraph and Long Distance Connection. Wire Orders When in a Hurry, to Avoid Delay

NOTE TO CUSTOMERS

OUR LOCATION

Is in the heart of the Blue Ridge Mountains, "the most beautiful mountain region on the continent," in western North Carolina, nearly 4,000 feet above sea-level. My permanent headquarters is Ashford, McDowell County, North Carolina, on the scenic Clinchfield Railroad.

QUOTATIONS

This list cancels all previous offers. Do not order from old catalogues

All offers of stock are made subject to conditions beyond my control

PACKING AND GRADING

Will be done in the most careful way. Orders will be packed to insure arrival in good condition. Shipments will be delivered to the local freight, express, or post office at prices named in this Catalogue. Packing will be charged at cost on charge orders. All shipments delivered at cost and risk of customer. Certificate of inspection attached to all shipments. We specialize in carload lots.

REMITTANCE OR REFERENCE

Should accompany orders from unknown correspondents. Discount of 5 per cent on cash orders. All bills due and payable 30 days from date of invoice. Interest charged after 30 days.

SHIPPING INSTRUCTIONS

Should always be given fully, unless you prefer to leave to our best judgment. In this we assume no risk, our responsibility ceasing upon receipt of signed bill of lading by forwarders. All claims for damages in transit must be handled by consignee.

CLAIMS

All claims for errors must be reported upon receipt of goods and will be rectified promptly. Unless this is done we can accept no responsibility of any kind.

No GUARANTEE is made that stock will grow, whether planted by us or not. As we have no control over after-treatment or weather conditions, the purchaser must assume all risks after stock leaves our Nursery in good condition.

In no case shall we be held for damage exceeding original purchase price and only to this extent when proper proof is furnished that stock has been wrongly labeled.

All orders are accepted and filled on these terms, unless otherwise agreed

FALL SHIPPING SEASON begins late in August and extends usually till about December 1, according to weather conditions.

SPRING SHIPMENTS are forwarded according to customers' wishes and subject to conditions beyond our control, March 1 to May 15. PLEASE ORDER EARLY.

Send Us Your Want List for Quotations

Azalea calendulacea. See page 4

Hardy Native Deciduous Trees and Shrubs Cultural Directions for Azaleas, Broad-Leaved Evergreens, and Similar Plants

Azaleas, Kalmias, Leucothoë, Pieris, and Rhododendrons are acid-soil plants and will not succeed well in limestone soils. A deep, porous soil is essential. The ground should be excavated to a depth of about 2 feet, working in leaf-mold, humus, or well-rotted stable manure. This mixture must be worked in carefully and packed tight around the roots. Fill in the excavation with rotted sods, muck or peat soil, mixed with a small quantity of sand.

The plants should be set the same depth as in the nursery, which is shown by the earth-line near the base. After planting, mulch with several inches of leaves or light litter, allowing this mulch to remain around the plants, and renew it annually in the autumn. A thin covering of rich soil may be used to advantage in holding mulch in place and to assist in decomposition. The mulch also tends to keep the soil cool in summer and protects against freezing in winter. If these simple instructions are observed, your planting of Broad-leaved Evergreens will be entirely successful.

For use in beds of Rhododendrons, Azaleas, and other similar plants we recommend the following: Galax, Shortia, Ferns, Orchids, Lilies, Trilliums, Cimicifugas, Iris, Polygonatum, Sanguinarias, and most of our other perennials.

ABBREVIATIONS—XX, specimens; B&B, balled and burlapped

<i>ACER saccharum.</i> Sugar Maple. Handsome, rapid-growing tree for general use. Splendid fall coloring of foliage.	10	100	1,000

Planting of Hardy Ferns

Hardy Native Ferns

For shady locations, no class of plants can equal the Ferns. They are easily grown in ordinary soils and will often thrive where it is impossible to make flowering plants succeed. We handle large quantities of Ferns annually and recommend the following:

ADIANTUM pedatum. American Maidenhair Fern. Deciduous. One of the most distinct and beautiful.	10	100	1,000
Extra strong.....	\$1 55	\$8 00	\$70 00
ATHYRIUM filixfemina. Lady Fern. Large, deciduous Fern. Exceedingly showy. X strong.....	1 55	9 00	80 00
BOTRYCHIUM virginianum. Rattlesnake Fern. Deciduous. Triangular fronds, deeply cut. Showy. Strong.....	1 55	9 00	80 00
CYSTOPTERIS bulbifera. Berry Bladderfern. Deciduous. Strong.....	1 65	11 00	100 00
DICKSONIA punctilobula. Hay-scented Fern. A very handsome, vigorous-growing, deciduous species. Recommended for shade or open locations. Widely distributed. Extra-heavy clumps.....	1 45	7 50	70 00
DRYOPTERIS flix-mas. Male Fern. Delicate, finely cut fronds. Fine effects when massed. Strong.....	1 80	11 00	95 00
goldiana. Goldie Fern. Deciduous. X strong.....	2 50	20 00	175 00
hexagonoptera. Winged Woodfern. Deciduous. Broad, triangular fronds. Strong.....	1 45	10 00	90 00
marginalis. Leather Woodfern. Robust, evergreen, showy species. X heavy	1 45	9 00	80 00
spinulosa. Toothed Woodfern. Evergreen. Strong.....	1 35	8 00	70 00
thelypteris. Marsh Fern. Deciduous. Strong.....	1 35	9 00	80 00

LEAF-MOLD—NATURE'S PLANT-FOOD

This is the food nature provides for Azaleas, Rhododendrons, Kalmias, Leucothoe, Andromedas, Hemlocks, Pines, Ferns, Lilies, Trilliums, Native Orchids, and Perennials. Leaf-Mold gives the proper acid elements to the soil, insuring the best root-systems, foliage, and flowers. Valuable for old or new lawns. Leaf-Mold is collected from old Rhododendron beds, without artificial or chemical treatment.

200 lbs. \$2; ton \$12.50; carload (20 tons) \$185

My Collected Plants come from these fields. The altitude is about 6,000 feet, thus giving hardiness and vigor

Special Collections of Foundation Plant Material

These collections are valuable to home-owners who are not entirely familiar with Broad-leaved Evergreens. The plants are from my regular stock, and I feel sure they will please you when they arrive—and for many seasons thereafter.

Special Collection No. 9

Azalea arborescens. Sweet Azalea. Fragrant white flowers in spring and early summer.
Azalea calendulacea. Flame Azalea. A native species. Color varies from orange to canary.
Azalea canescens. Piedmont Azalea. Pink and rose.
Azalea nudiflora. Pinxter Bloom. Deep pink flowers.

Five plants of each, 18 to 24 in.
(20 plants in all), for only

\$19
